

# NeuroLucida Explorer

## Release Notes

### Version 2020.3.1 (October 1, 2020)

#### NEW FEATURES AND ENHANCEMENTS

- Puncta analyses added, including colocalization
- Easier software authorization: NeuroLucida Explorer software autofills the online Authorization Request Form with information about your computer system. Just fill in a few fields with information about you and your lab to submit the form.

#### ISSUES RESOLVED

- Fixed issue with Varicosity analysis
